To order accessories, call 1-87-RELY-ON-US.

Introducing the most versatile backup generator on the market today.

Flexible Power Options – The included propane quick-connect kit gets you back up and running immediately, with the ability to upgrade to permanent backup power when convenient.

Hassle-Free Fueling – Runs on clean & readily available Propane or Natural Gas – eliminates waiting in long gas lines and the need to store & pour gasoline.

Longer Run Time – Get up to 12 hours run time (at ½ load) with only two 20 lbs. Propane gas grill tanks.

Powerful & Reliable – Powered by a durable Briggs & Stratton Extended Life Series™ engine, the Dual-Mode Backup Generator provides 7,000 watts and up to 10,500 watts of starting power-perfect for most essential household requirements.

Quiet Operation – The fully enclosed compartment features engineered air passages, a Lo-Tone muffler and acoustic foam dampeners for 50% quieter operation than most portable generators.

Durable Outdoor Enclosure – Features professional rust-proofing and premium storm grey automotive paint for maximum durability and all-weather protection.

Affordable Permanent Backup Power – Priced like a portable generator, the versatile 7kW Dual-Mode Backup Generator offers the best value in home backup power.

Call today for a free in-home estimate and consultation.
